Summary

Frontend Developer skilled in building interactive and user-friendly web applications using **React, JavaScript, and CSS**. Developed multiple projects, including a **React-based component library and a movie listing app with API integration**. Passionate about creating **optimized, responsive** web experiences and constantly learning modern frontend technologies.

Skills

Languages: HTML5, CSS3, JavaScript (ES6+)

Styling & Preprocessor: Bootstrap, SCSS

Frameworks and Libraries: React, React Router, React Hooks, Framer Motion

Developers Tools: Git, GitHub, Visual Studio Code

Projects

WidgetHub | React SCSS

[Live Demo](#)

- Developed **WidgetHub**, a dynamic React-based component library featuring interactive UI elements like an Accordion, Load More Data, Password Generator, and many more.
- Implemented **React Router** for seamless navigation between component pages.
- Integrated a grid-based card layout with component previews, descriptions, and individual pages for detailed interaction.
- Enhanced user engagement with a "Try a Random Widget" feature, allowing **seamless** discovery of interactive components.

Maharaja | React CSS

[Live Demo](#)

- Developed a visually appealing and fully responsive restaurant website, using **React** and styled with **CSS**
- Enhanced the website with a mobile-first approach, and applied media queries ensuring an excellent user experience across smartphones, tablets, and desktops
- Implemented a dynamic section featuring the restaurant's daily specials, developed using React components

MovieList | React CSS

[Live Demo](#)

- Created a movie listing application that fetches data from an external API to showcase movie details, such as titles, images, and descriptions.
- Integrated a Favorites page using **React Hooks** to manage and persist state across all pages, allowing users to mark and view their favorite movies
- Implemented features like search functionality, pagination, and responsive design to ensure seamless performance across devices

Education

University of Mumbai (Sept 2020 – May 2024)

Bachelor of Engineering (CGPA: 6.95)

Higher Secondary Certificate (2019 – 2020)

Class XII (Percentage: 70%)

Certifications

Responsive Web Design – FreeCodeCamp (2024), Complete Web Development Course – Udemy (2024)
